# Introduction

Most men stumble trying to come up with a opening line that's clever, witty, breaks the ice, and is flirty.

The truth is that women care less about what you say, and more about how you say it. Confidence, good eye contact, and a friendly smile will get you much further than mumbling some magic words in a quiet tone while looking away from her.

This cheat sheet will give you 12 great opening lines that you can break out almost anytime you need. It's much more important to work on your delivery of the lines than it is to try and memorize hundreds of lines that you ultimately don't need.

I find it best to pick 1 or 2 lines and practice just using them until you're getting the results you want. Then you can add more if you wish.

- 1) "You guys seem cool... Are you friendly?"
- 2) **(If she's giving you eye contact.)** "Don't look at me like that or I'll fall in love."
- 3) "If you're going to look at me like that, you should at least talk to me."
- 4) "I saw you from across the room and wanted to say hi. I think you have really cool style and something tells me you're a cool chick."
- 5) **(in a loud bar or other crowded venue)** "you're awesome, high five!"
- 6) "What's a smart, attractive man like myself doing without your number?"
- 7) **(when she notices you checking her out and she's wearing a dress or skirt)** "I was totally going to wear that tonight."
- 8) **(If she's dressed more formally than everyone else)** "Oh, my gosh, I forgot it was prom night tonight. You look amazing. But I can't believe Sarah won homecoming queen. She's such a bitch, I totally voted for you."
- 9) "I'm very good at guessing peoples occupations.... Hmmm, I get a feeling that you're an alpaca farmer. Am I right?"
- 10) "You're pretty cute, you should talk to me."
- 11) "I think we know each other... Yeah, you're the girl I'm getting drinks with tomorrow night."
- 12) **(pretending to bump into her)** "Oh, ouch! Looks like I'm going to need your name and number for insurance purposes."
